## ONE FOOT IN THE GROOVE

---

What you doing, man?  
Standing there washing the dishes...  
What's that all about?  
You gotta get outta there, man!  
Get out and have a good time  
Drink some whiskey  
Smoke some dope  
Meet some bad girls!  
You listening to me?

You gotta leave your home and family  
It's now time to be free  
Leave your troubles on the shelf  
Come spend some time with me  
Get outta that place  
Come on, let's move  
Get out of the rat race  
Put one Foot in the Groove

That's it man...  
Now you're walking with the devil!

One Foot in the Groove!

Yes, that's it, man, come on  
This way  
Walk with me  
How's that feel?  
Good, yeah?

I am gonna show you 'tings  
You never thought you'd see  
Gonna drink and smoke and all that stuff  
Get ya dope and sex for free  
Come on, Man!  
Whatcha got to lose?  
Have another drink now!  
Put one Foot in the Groove!

Now you're talking!  
Now you're really walking with the devil  
Another shot of JD for my friend here!  
Hey, someone give this guy a cigarette  
Want some more cocaine?  
Hey, darling, over here...

See this guy  
I want you to take him upstairs  
Give him all the love  
A bad girl can give

Come on, now...  
That's right...  
Yeah, that's right...  
Come on...  
Let's walk!

One Foot in the Groove!

Hey man... Sorry  
Times up...  
You done too much dope,  
Drank too much whiskey,  
Slept with too many whores  
And now you're dead, you're dead you see..  
You walked with the Devil  
Fell under my spell,  
But don't worry about it  
No, don't worry about it...  
'Cos the best parties are in hell

Put one Foot in the Groove!
