KINDA BLEW

Little Boy Blue, won't you blow your horn?
Little Boy Blue, won't you blow your horn?
Sheep's in the meadow and my liquor's made of corn.

Blow, blow...til you're blue in the face blow
Blow, blow...til you're blue in the face blow, blow
Blow, blow...til you're blue in the face blow, blow
Blow, blow...til you're blue in the ...Little Boy Blue blow your horn all over the
place.

Little Girl Azure, don't you give me no horn
Little Girl Azure, don't you give me no horn
Last time you done it, you caused my wife to mourn.

Old Man Navy, don't you give me no ship
I say, Old Man Navy, don't you give me no ship
Those waves keep a-rollin', one day you gotta be hip.

Mood indigo out you go get yourself outta town
